Review-

Updated the website, reviewed November meeting minutes.

1. New business-

Action items

A. Possible a TRUE 1/8th mile track at Monroe. Slim and Kent discussed the possibility CCCA events.

Kent said he would do some calling to find out any info to substantiate if this is true. Discussion to follow after gathering info on Evergreen Speedway (Monroe).

B. Also Kent will follow up to find out about Shelton schedule.

2. It was agreed unanimously that the balance of CCCA meeting will be held at Kent's house in Clearview since only Northenders have been showing up to the meetings. Thus the additional drive to Jitters in Bellevue was not practical. It was agreed that if racers from the south end contact Kent with interest of attending meetings, the meeting would be moved back to Jitters.

3. Close meeting-10:48 am
