#### Topic 1: Make up race of last Rain-out

Motion given by Randy- made a motion to have a rain out make-up race on OCT 8<sup>th</sup>

Second by Jan

Discussion:

Randy- Bremerton raceway has offered to have a make-up race. CCCA does not have a specific rule to cover this issue and Randy feels we should wait to address it for the 2017 season for future races rather than do it now.

Kent- While he would like to see the make-up race happen he does not agree to force a team to race if a team is not willing without there being rules to back it up.

Scott- Adamantly opposed to the make-up race because there is no provision for a make-up race.

Scott- there wasn't any call for make-up race for the two rain outs at Pacific Raceway.

Kent- If the two rain outs at Pacific were made-up races, the GM team repeatedly brought more cars to that track and would have stood a better chance to add more points in those two make up races.

Don-Would prefer to handle this in the rules during the winter and not go backwards.

Jan- Had concerns as a race director. He plans the year, vacations and such and said it is hard to make up for a rain outs when he has already made plans around the original schedule.

Call the question: The motion fails- 5/0 Don abstained. (president only votes when there is a tie-breaker)
